TECHNICAL SKILLS

WEB DEVELOPMENT

HTML5 | CSS3 | JavaScript | AI-Assisted Development | Responsive Design

FRAMEWORKS & TOOLS

Django | MERN Stack | MySQL | Git | GitHub

PROGRAMMING

C++ / OOP | Python | Java

PRODUCTIVITY

MicrosoftOffice | Microsoft Excel

ADDITIONAL SKILLS DESIGN & MEDIA

Canva | Cap Cut | Video Editing | Photography

DIGITAL MARKETING

Facebook Ads | Content Writing | Social Media

WEB / CMS

WordPress

SOFT SKILLS

- Effective Communication
- Problem Solving
- Team Collaboration
- Leadership
- Creativity
- Time Management
- Adaptability

CERTIFICATIONS

- CodeAlpha — Frontend Development Internship
- Women Fortune Tech — Video Editing Internship
- Introduction to Microsoft Excel
- WordPress — Coursera
- Facebook Ads 2025
- Skills4U — Official Member

INTERESTS

Programming | Tourism | Reading | Photography | Cricket | Badminton

PROFILE

Final-year Computer Science student and programmer with a full-stack foundation, now building toward the MERN stack (MongoDB, Express, React, Node.js). Began with core web technologies (HTML, CSS, JavaScript) and full-stack development, then shifted focus to building modern, responsive applications with MERN. Completed a CodeAlpha frontend internship (calculator, image gallery, music player) and contribute to the Women Fortune Tech Organisation through programming workshops. Passionate about clean code, problem-solving, and using technology for education and inclusion.

EXPERIENCE

Frontend Development Intern

CODEALPHA

- → Builtafully functional **calculator** with keyboard support, expression display, and dark-themed UI.
- → Developed a responsive **image gallery** with category filters, CSS effects, and lightbox navigation.
- → Created a **music player** with 20-song playlist, progress/volume controls, shuffle, and repeat features.

Member · Intern · Volunteer

Jun 2023 – Jun 2024

WOMEN FORTUNE TECH ORGANISATION

- → Designedand facilitated beginner-level technical workshops on Python, Java, and C++ OOP concepts, enhancing foundational coding skills for underrepresented participants.
- → Completed a five-month internship as Video Editor and Youth Ambassador, producing content using CapCut and other editing tools for organisational campaigns.
- → Collaborated with professionals and leaders from globally renowned tech companies, gaining insight into organisational dynamics and industry best practices.
- → Supported initiatives promoting skill development and digital inclusion within the broader technology community.

WebDeveloper (Freelance / Personal Projects)

2024 – Present

INDEPENDENT

- → Develop and deploy websites using HTML, CSS, JavaScript, and the MERN stack (MongoDB, Express, React, Node.js), integrating AI-assisted workflows to accelerate development cycles.
- → Built responsive, visually polished web pages with attention to UX, accessibility, and clean code structure.
- → Applied WordPress and Facebook Ads knowledge to support digital presence for personal and client projects.

★ PROJECTS

MediQueue — Hospital Management System

2025

FINAL YEAR PROJECT (DJANGO + MYSQL)

- → Built a complete hospital management system with patient queue, doctor reviews, lab tests, and role-based access control.
- → Implemented auto patient ID generation (MQ-XXXXXX), profile photos, and DoctorReview system. Designed
- → professional UI with medical teal theme, dark mode toggle, and responsive CSS.

Personal Portfolio Website

2025

HTML + CSS + JAVASCRIPT

- → Designed and developed a modern responsive portfolio with dark/light mode, canvas particle background, and scroll animations.
- → Integrated custom cursor, typing animation, skill progress bars, and contact form validation.

Dr. Arshad Khan — Personal Website

2025 – Present

MERN STACK (MONGODB, EXPRESS, REACT, NODE.JS)

- → Building a personal website for Dr Arshad Khan using the MERN stack — React frontend with a Node/Express API and MongoDB data layer.
- → Implementing a responsive, accessible UI with reusable components and clean state management.
- → Currently in progress (2026 – Present).

EDUCATION

Bachelor of Science — Computer Science

2022 – 2026

Edwardes College Peshawar (ECP)

Semester 8 (Final exam reming)· Expected 2026

FSc — Computer Science (Intermediate)

2020 – 2022

Punjab Group of Colleges (PGC), Nowshera

Matriculation — Computer Science

2018 – 2020

The Student Model High School and College
