# LATIF KHAN

Full-Stack Web Developer | IBM Certified | React.js | Node.js | MongoDB
Peshawar, Pakistan | +92 314 0972728 | teefa9263@gmail.com | github.com/Latifkhan-cyber

## PROFESSIONAL SUMMARY

IBM Full-Stack JavaScript Developer with hands-on experience building responsive e-commerce platforms and full-stack applications. Proficient in React.js, Node.js, Express.js, MongoDB, Firebase, and modern DevOps practices. Built 8+ production-ready websites in 2026 spanning healthcare, pharmacy, real estate, e-commerce, and business domains. Currently developing full-stack hospital and pharmacy management systems. Strong foundation in cloud-native development, containerization (Docker, Kubernetes), and Agile methodologies.

## EDUCATION

**Bachelor of Science in Computer Science, Edwardes College** Graduating 2026
*Peshawar, Pakistan*

## TECHNICAL SKILLS

**Frontend** HTML5, CSS3, JavaScript, React.js, Responsive Design
**Backend** Node.js, Express.js, REST APIs, DevOps, CI/CD
**Databases** MongoDB, Firebase, Firestore
**Cloud & DevOps** Docker, Kubernetes, OpenShift, Microservices, Serverless
**Tools & Platforms** Git, GitHub, VS Code, Vercel, Render, Agile

## FEATURED PROJECTS

**Hospital Management System (Current)** 2026 – Present
*React.js · Node.js · Express.js · MongoDB*

Full-stack healthcare platform with patient management, doctor profiles, appointment booking, queue token system, medical records, and follow-up tracking.

- React frontend with responsive dashboard for patient, doctor, and admin roles.
- Express.js REST APIs for patient management, appointment scheduling, and medical history.
- MongoDB database with role-based access control and secure data handling.

**Pharmacy Management & Wholesale Distribution System** 2026 – Present
*React.js · Node.js · Express.js · Supabase*

Full-stack pharmacy e-commerce platform with inventory management, product catalog, wholesale distribution, and order processing.

- React UI with product browsing, category management, and order workflow.
- Express.js APIs for inventory management and wholesale distribution logic.
- Supabase database for real-time inventory tracking and order management.

**Live Demo:** pharmacy-scv7.vercel.app/

**Real Estate Website** 2026
*HTML · CSS · JavaScript · Firebase*

Professional property listing platform with responsive design, interactive features, and Firebase backend for real-time data management.

- Responsive property browsing interface with advanced filtering and search.
- Firebase integration for property listings and agent management.

**Live Demo:** real-estate-agency-khaki-tau.vercel.app/

**BookMart E-Commerce Website** 2026
*HTML · CSS · JavaScript · Firebase*

Full-featured online bookstore with product catalogs, responsive design, and Firebase backend for inventory management.

- Product listing pages, book browsing interface, and shopping features.
- Firebase backend for book catalog and sales tracking.

**GitHub:** github.com/Latifkhan-cyber/e-commerce-bookmart | **Live Demo:** e-commerce-bookmart.vercel.app/

**Additional 2026 E-Commerce & Business Websites** 2026
*HTML · CSS · JavaScript · Firebase*

Multiple platforms across furniture, restaurant, weather applications, and business domains demonstrating adaptability and reusable architecture.

**Furniture:** furniture-store-three-kohl.vercel.app/ | **Restaurant:** resturant-website-six-eta.vercel.app/
**Weather App:** weather-website-pink-rho.vercel.app/ | **Business Landing Page:** dr-arshad-khan.vercel.app/

## PROFESSIONAL EXPERIENCE

**Full-Stack Web Developer — Freelance / Personal Projects** 2026 – Present

- Developed 8+ responsive websites across healthcare, pharmacy, real estate, e-commerce, furniture, and restaurant domains using HTML, CSS, JavaScript, and Firebase.
- Built full-stack web applications with React frontend, Node.js/Express.js backend APIs, and MongoDB database integration.
- Designed user-focused, responsive interfaces with clean, maintainable code architecture following Agile methodologies.
- Deployed and managed projects on Vercel and Render with continuous integration practices.

**Frontend Development Intern — Code Alpha** 2025

- Developed interactive web components: calculator with keyboard support, image gallery with filters, and music player with playlist management.
- Implemented responsive layouts and JavaScript-based interactive features for multiple frontend projects.

## IBM FULL-STACK JAVASCRIPT DEVELOPER CERTIFICATE

**Professional Certificate** Sep 15, 2026

12-course professional program demonstrating ability to build cloud-native full-stack applications.

Coursera Verification: coursera.org/verify/professional-cert/FG8ASX9BMINL

Completed Courses:

1. Introduction to Software Engineering • 2. Introduction to HTML, CSS, & JavaScript
3. Getting Started with Git and GitHub • 4. JavaScript Programming Essentials
5. Developing Front-End Apps with React • 6. Developing Back-End Apps with Node.js and Express
7. Get Started with Cloud Native, DevOps, Agile, and NoSQL
8. Introduction to Containers w/ Docker, Kubernetes & OpenShift
9. Application Development using Microservices and Serverless
10. Node.js & MongoDB: Developing Back-end Database Applications
11. JavaScript Full Stack Capstone Project • 12. Software Developer Career Guide & Interview Prep

## ADDITIONAL CERTIFICATIONS

- Frontend Development Internship — Code Alpha
- Video Editing Internship — Women Fortune Tech
- Introduction to Microsoft Excel
- WordPress — Coursera
- Facebook Ads — 2025
